no penalty.

Choose clean, 100% pollution-free, green electric.

Here's how it works: IDT Energy gives you the power to choose your supplier AND the type of electric supplied to your home. Our supply is 100% matched with renewable energy certificates and renewable energy attributes, generated from sources like running water, wind, solar and biomass.

Easy Switch – BIG Impact!

For just a few cents more per kWh than standard electricity, you gain security in knowing that your dollars are helping the environment, economy and national security. When you switch, you'll be contributing to cleaner, healthier air, less dependency on foreign oil and nuclear power, and more domestic job opportunities.

As one of the largest independent energy suppliers in the Northeast, we offer the convenience of:

- ✓ **NO** contracts or cancellation fees
- ✓ **NO** up-front fees or deposits
- ✓ **NO** interruptions to initiate service
- ✓ **NO** special service calls to switch
- ✓ **1 Free* Month** of Green electric supply
- ✓ **Enroll** your home's Gas meter and automatically qualify for an annual rebate of up to \$25
- ✓ **PLUS** we proudly keep jobs in the US with customer care, sales and administrative teams located in the states we serve!

Customers who choose IDT Energy® Green solutions over traditional energy supply programs, with average monthly usage of only 400 kWh, can help prevent more than 400 pounds of CO2 emissions a year.
